

Course Title:**Laboratory Training of Clinical Skills****Coordinator /contact:** Dr . Magdalena Szopa MD, PhD / e-mail: magdalena.szopa@uj.edu.pl**Address:** Department of Medical Education (DME), Łazarza str.16**Year:** 2-6**Total number of hours:** 30

Labs/Practicals: 27

Exams: 3

Conduct/Dress Code: white coat and professional attire (men should wear long trousers). Students should be equipped with stethoscopes and a change of footwear (hospital shoes).**Student's Evaluation:**

- credit requirements: Completion of the course requires attendance of all classes and passing the final assessment.
- attendance requirements: Attendance is mandatory in all classes because each class deals with a different aspect of clinical skills. Any absences (regardless of their justification) have to be compensated before the final assessment.
- type of the final exam: Final assessment is in the form of OSCE (Objective Structured Clinical Examination), based on the practical demonstration of skills attained.
- retake information: Retake involves the practical demonstration of the skills which have been scored as insufficient during the OSCE. It usually takes place in June, giving time to practice the skills during clinical classes.

	Day	Time	Type of classes		N0 of hours	Group	Topic	place
I. Oct.01-05		18.00-20.15	lab		3	5	History taking I	DME
	Monday							
	Tuesday	18.15-20.30	lab		3	2	History taking I	DME
	Wednesday	18.30-20.45	lab		3	3	History taking I	DME
	Thursday	18.15-20.30	lab		3	4	History taking I	DME
	Friday	11.00-13.15	lab		3	1	History taking I	DME
II. Oct.08-12	Monday	18.00-20.15	lab		3	5	History taking II	DME
	Tuesday	18.15-20.30	lab		3	2	History taking II	DME
	Wednesday	18.30-20.45	lab		3	3	History taking II	DME
	Thursday	18.15-20.30	lab		3	4	History taking II	DME
	Friday i	11.00-13.15	lab		3	1	History taking II	DME
III. Oct.15-19	Monday	18.00-20.15	lab		3	5	Examination of the head and neck	DME
	Tuesday	18.15-20.30	lab		3	2	Examination of the head and neck	DME
	Wednesday	18.30-20.45	lab		3	3	Examination of the head and neck	DME
	Thursday	18.15-20.30	lab		3	4	Examination of the head and neck	DME
	Friday	11.00-13.15	lab		3	1	Examination of the head and neck	DME

IV. Oct.22-26	Monday	18.00-20.15	lab		3	5	Examination of chest and lungs	DME
	Tuesday	18.15-20.30	lab		3	2	Examination of chest and lungs	DME
	Wednesday	18.30-20.45	lab		3	3	Examination of chest and lungs	DME
	Thursday	18.15-20.30	lab		3	4	Examination of chest and lungs	DME
	Friday	11.00-13.15	lab		3	1	Examination of chest and lungs	DME
V Oct. 29 Nov.02 Nov. 01 (Thu.) Day off	Monday	18.00-20.15	lab		3	5	Examination of heart and peripheral vessels	DME
	Tuesday	18.15-20.30				2	Examination of heart and peripheral vessels	DME
	Wednesday	18.30-20.45	lab		3	3	Examination of heart and peripheral vessels	DME
	Thursday (08 Nov)	18.15-20.30	lab		3	4	Examination of heart and peripheral vessels	DME
	Fri	11.00-13.15	lab		3	1	Examination of heart and peripheral vessels	DME
VI Nov.05- 09	Monday	18.00-20.15	lab		3	5	Examination of the abdomen and rectum	DME
	Tuesday	18.15-20.30	lab		3	2	Examination of the abdomen and rectum	-"-
	Wednesday	18.30-20.45	lab		3	3	Examination of the abdomen and rectum	
	Thursday (15 Nov)	18.15-20.30	lab		3	4	Examination of the abdomen and rectum	
	Friday	11.00-13.15	lab		3	1	Examination of the abdomen and rectum	-"-
VII. Nov.12-16	Monday	18.00-20.15	lab		3	1	Basics of neurological examination	DME
	Tuesday	18.15-20.30	lab		3	2	Basics of neurological examination	-"-
	Wednesday	18.30-20.45	lab		3	3	Examination of the abdomen and rectum	-"-
	Thursday Nov. 22	18.15-20.30	lab		3	4	Basics of neurological examination	-"-
	Friday	11.00-13.15	lab		3	5	Basics of neurological examination	-"-
VIII. Nov.19-23	Monday	18.00-20.15	lab		3	5	Basics of oncological examination	DME

	Tuesday	18.15-20.30	lab		3	2	Basics of oncological examination	-"-
	Wednesday	18.30-20.45	lab		3	3	Basics of neurological examination	-"-
	Thursday Nov. 29	18.15-20.30	lab		3	4	Basics of oncological examination	-"-
	Friday	11.00-13.15	lab		3	1	Basics of neurological examination	-"-
IX. Nov.26-30	Monday	18.00-20.15	lab		3	5	"Catheterization. Self – repetition"	DME
	Tuesday	18.15-20.30	lab		3	2	"Catheterization. Self – repetition"	-"-
	Wednesday	18.30-20.45	lab		3	3	Basics of oncological examination	-"-
	Thursday Dec. 06	18.15-20.30	lab		3	4	"Catheterization. Self – repetition"	-"-
	Friday	11.00-13.15	lab		3	1	"Catheterization. Self – repetition"	-"-
IX. Dec. 07	Tuesday	18.15-20.30	lab		3	3	"Catheterization. Self – repetition"	
X. Dec. 10,11,12	Dec./Jan.	18.00-21.00			3	1,2,3,4,5	OSCE	

Participating teachers:

Dr hab. n. med. Magdalena Szopa
Dr hab. med. Małgorzata Waluś-Miarka
Dr Marta Szeliga
Lek. Anna Sara-Nowak
Lek. Piotr Szolc
Lek. Michał Pers
Lek. Ian Perera
Lek. Natalia Bajorek

* While main teachers assigned to the groups are listed, occasional exchange of teachers is possible.

** The week prior to the final assessment (extra week) is left for self-review of the material, except for groups who missed particular topics. Student from these groups can join other groups for self-review.
